Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- **Production Company allowed to film at Cedar Grove on September 23, 2014.**
- **Okay to park equipment, cast, & crew vehicles on one side of Vista Del Valle but must allow sufficient space, which is at the discretion of the monitor, to serve as a fire lane.**
- **Gate leading to Vista Del Valle must remain closed or monitored at all times.**
- **If shots are fired, an L.A.P.D. officer must be on site.**
- **Does not have permission to use dolly tracks, cranes, or condors unless approved to do so.**
- **If generator is allowed, it must have crossovers.**

***As an alternative for film companies interested in filming on scheduled watering days at Cedar Grove, companies will have to water Cedar Grove after filming, should they film on a watering day. If they are using a water truck, it should be the smallest one possible so that it can back it into the grove. The truck must be guided in as to not damage the sprinklers along the entry road. If they do not agree to watering Cedar Grove then they will have to choose another day**.
